INTERIOR FINISHES | ESTABLISHED 1990

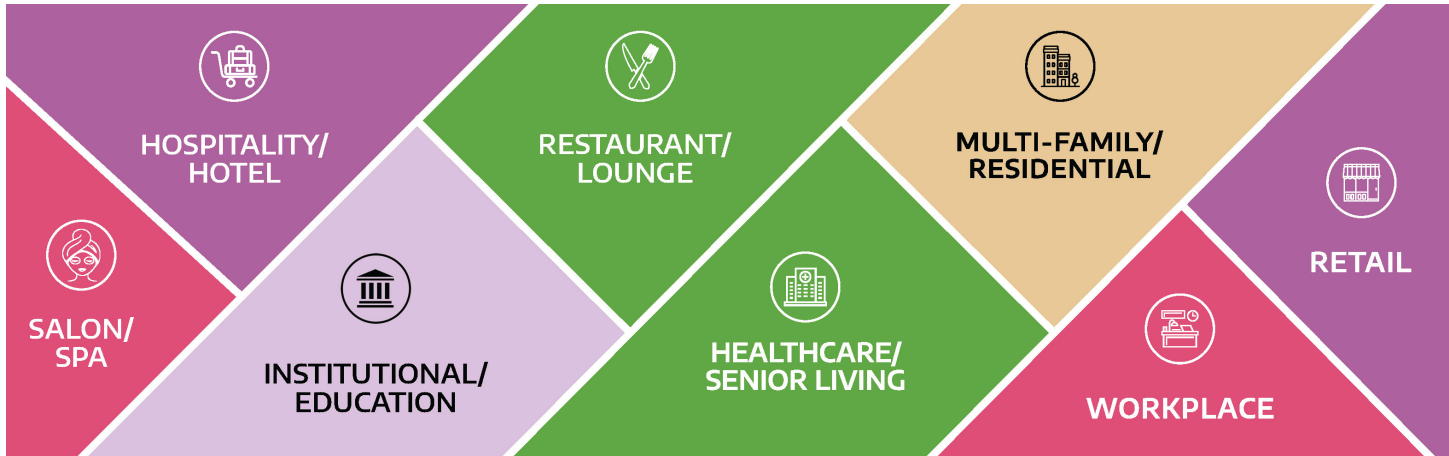

ASI | Architectural Systems, Inc. is a leading global source for innovative, distinctive and sustainable interior finishes.

Foremost architects and designers, along with the broad base of decision makers across all market segments collaborate with ASI for their material expertise, project management from start to finish, material take-offs/on-site support, commitment to service, product solutions, custom capabilities and a robust range of finishes for wall surfaces, flooring and more...

ASI curates dimensional wood panels, high-performing hardwoods, luxury vinyl and porcelain plus natural stone and decorative surfacing material to provide the right aesthetics for your design vision and budget **with the added ease of finding it all in one place!**

Every market segment features **ASI Materials and inspirational project photos.**

# HOSPITALITY

Define a sense of place in Hotel public spaces, guest rooms, spa areas, restaurants, nightclubs and everywhere else where people work, rest and play with dynamic flooring options and decorative surfaces for headboards, tables, furniture, feature walls while connecting every zone to the narrative so guests return again and again!

“ Having moved to Honolulu years ago, I bring a NY sensibility with a global island point of view to each project. ASI is always my go to for the most creative and innovative products and gives me the inspiration, energy and excitement I want when sourcing materials. ”

**Yoshi Shiraishi, Principal, YDNY**

# SENIOR LIVING/ HEALTHCARE

ASI has a diverse product offering that includes wall surfacing and flooring that combine a comfortable ambiance with high performance and maintainability in an ever challenging arena where informed material choices can provide a luxe feel in a clinical and elderly lifestyle setting.

“The Interwoven Eco-Panels installed throughout helped divide this assisted living facility while allowing for sunlight and activity to continue while dining. Evoking a hospitality feel the residents are engaged and enjoy a balanced and active social life. It was the perfect feature wall fit!”

**Alicia Nicolay, IIDA , NCIDQ, Director of Design Spellman Brady & Company**

# RETAIL

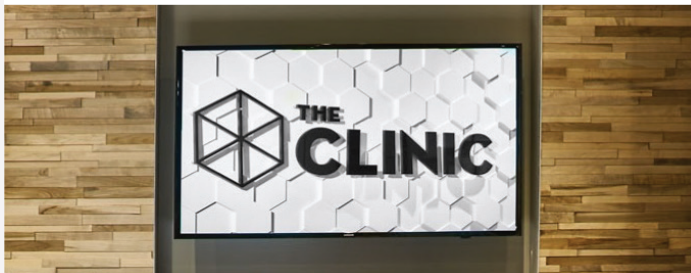

For over 30 years ASI has translated brands with signature and iconic materials that speak to the recognizable elements that convey a powerful brand message, creating a community of loyal followers. Let us customize and develop interior finishes with you or select from our incredible product collections for an elevated experiential environment!

“It’s an interesting category, new for many of us from a standpoint of branding customer experience, shopper journey, and the idea of creating a branded environment in a category that has obviously come out of the shadows and into mainstream retail. As usual, we had a wide variety of materials to pick from. Working with ASI, we always enjoy a great relationship and great follow up, especially with this very interesting and unconventional setting in which to showcase their products.”

**Ken Nisch, Chairman, JGA**

The page features several decorative elements: a pink triangle and a green triangle in the top-left corner; a collage of blue and grey material samples in the top-right corner; a light wood plank material sample in the middle-right corner; a light beige stone or tile material sample in the bottom-left corner; and a dark wood plank material sample in the bottom-left corner. In the bottom-right corner, there is a cluster of overlapping triangles in yellow, purple, and grey.

# MULTI-FAMILY/ RESIDENTIAL

Welcoming lobbies, memorable amenity spaces, impactful common areas and unique units throughout a multifamily building are realized when ASI materials are chosen to meet your design vision with carefully crafted hardwoods, porcelain flooring and a fresh take on wall surfacing.

“We’ve always been impressed with the dedication and patience that ASI has when working with our office. Studio often seeks custom finishes that are special and push the boundaries of what is possible. ASI stands out in its ability to collaborate with our design team successfully.”

**Gordon Wilhelm, AIA, Studio V Architecture**

# WORKPLACE

Articulate the modern workplace with tactile and engaging finishes to incorporate functionality in the transforming office landscape where employees schedule to meet, dine and collaborate in designated pods and comfortable places on appointed coordinated days.

“Fusión Wood Panels was a key part in our overall design of incorporating rustic and contemporary elements and creating an attractive and interactive Wi-Fi Lounge for a diverse group of companies that share the complex. This striking space hosts informal meetings, recreation and dining.”

**Veronica Massie, Project Manager**  
**Whitney Architects**

# Committed to the Future

ASI supports design education, serving on the board of the International Interior Design Association New York Chapter and the Retail Design Institute (RDI) and as an affiliate member of The American Institutes of Architects (AIA) NY Chapter, and an AIA Continuing Education Passport Provider.

In addition, ASI is a member The Hospitality Industry Network (NEWH), PAVE, American Society of Interior Designers (ASID), National Wood Flooring Association, US Green Building Council (USGBC), and the Forest Stewardship Council (FSC) Chain-Of-Custody certification.

Visit us in our new space, the ASI Lab! This is where we incubate the Next New Thing® in materials and where you have the opportunity to meet with us to create the visual aesthetic and discuss the technical and budget sensitive project challenges you may have. We look forward to collaborating with you!

“ASI makes us feel like part of their family. They figure out away for us to realize our vision and communicate the essence of each project. It’s through loyalty and the ability for us to collaborate that we bring projects together in a unique way.”

**Glen Coben, Principal, Glen and Company**
