

Wood Slat Wall - Acoustical

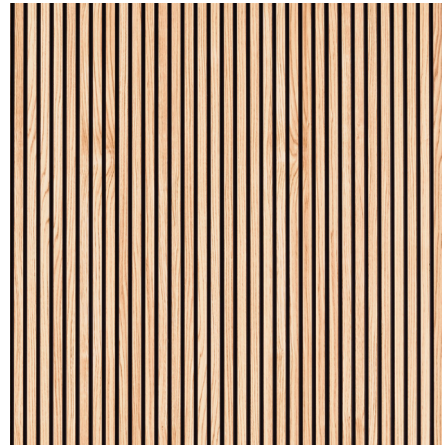

NEW

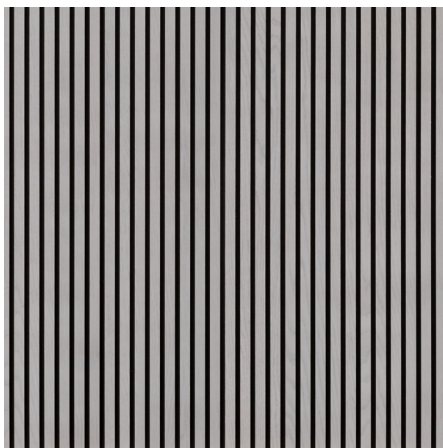

Rethought to meet the demands for today's dynamic environments, **Wood Slat Wall - Acoustical** combines the best of traditional design with advanced developments in technology. Transforming large scale Class A Fired Rated (MDF Core) sound reducing panels offered in White Oak or Walnut wood veneers with a recycled fiber felt backing, a high NRC acoustical rating with an antimicrobial protective coating embraces a new sleek efficient version of lineal and acoustical slat wall. The form and functionality of this grouping make it an outstanding choice for hospitality and workplace, especially with a logo option as an add-on for branded environments.
